

Music

A: Do you listen to hip-hop?

B: It depends on how I feel. After work I usually listen to relaxing music. But when I go jogging I listen to more exciting music.

A: What do you listen to when you go jogging?

B: I listen to fast-paced music like metal and punk.

A: Okay. What artists do you listen to?

B: Metallica and The Ramones are really good. Have you heard of them?

A: Yeah, I've heard of them but I don't know their music.

I listen to a lot of hip-hop and rap. Do you know Dr. Dre?

B: Yeah. Of course. He's great!

A: Are you interested in jazz?

B: It depends on where I am. At work they play jazz music. But at home I usually listen to different music. Why?

A: I have tickets to a Jazz show this weekend. But I'm busy and I can't go. Do you want them?

B: Oh! Wow. Thank you. That's really nice of you but I already have plans this weekend.

A: Okay. No problem. Do you know anyone that likes jazz?

B: Yeah, I think Mark likes it. You should ask him.
