

Apartment Problems

- A:** Hello?
B: Hi, Mr. Steven's? This is Rick in apartment 815. Do you have a minute to talk?
A: I'm a little busy right now. Why? What's up?
B: I'm sorry to put you out but we have a water leak in one of the bedrooms.
A: Oh! How bad is it?
B: It's pretty bad. There's a lot of water coming through from upstairs. Part of the ceiling came down.
A: Oh no! When did that start?
B: I found it this morning when I woke up.
A: Ok. I'm going to come up and take a look at it now. Is that alright?
B: That's fine. I have to leave for work in about an hour.
A: Ok. I'll be up in a few minutes.
B: Thanks so much.

I hate	to bother you	but	we have a leak.
I'm sorry	to put you out		the hot water heater is broken.
I don't like	to complain		our air conditioner isn't working.

- A:** Hello, Ace Real Estate. How can I help you?
B: Hi, my name is Melissa Riggs. I live in one of your buildings on West Street.
A: Hi there. Melissa. What can I help you with?
B: Well I'm sorry to bother you but we have a small problem with the apartment.
A: Ok.
B: Well the hot water heater isn't working.
A: Ok. Have you tried restarting it?
B: Yeah but we haven't had any luck.
A: I see. We have a service we use for that kind of thing. Would you like their number?
B: Yeah that would be great.
A: Ok. Hold on one minute and I'll get it for you.
B: Thanks so much.

The sink drips all the time and it's getting worse.

My air conditioner smells like smoke.

I can hear an animal inside the walls.

My key broke off in the door!

There are a lot of cockroaches in the apartment.

The water pressure is too low.

There's no heat. It's very cold at night.

There's mold growing on the walls.

The neighbors stole my mail!

The power is out!

The roof rattles when the wind blows.

There is no hot water.

The neighbors make a lot of noise all night long.

Three windows are broken.

I smell gas every time I use the stove.

The toilet overflows when I flush it.

There's a drunk guy passed out in the hallway.

I can see my neighbors through a hole in the wall.
