**B:** Recently I've been listening to some older music. Do you know Sublime?  
**A:** I've heard the name. What do they sound like?  
**B:** They're usually upbeat. They play pretty fast. They are kind of a mix of Reggae and Hard Core. But they are influenced by the Beatles too.  
**A:** That's cool. I might check them out then. Recently I've been listening to a some old Tom Waits albums.

**B:** It was the new Daft Punk album.  
**A:** I haven't heard much of their music. They're kind of a mix of funk and disco right?  
**B:** Yeah. Kind of. They're really good. What do you listen to?  
**A:** I usually listen to some pretty fast music like the Ramones or Iron Maiden.  
**B:** Iron Maiden? That's funny. I know the name but what do they sound like?  
**A:** The lead singer has a high voice and they use a lot of electric guitars. They're pretty fun especially if you go running.
