5. How far can you hear a lion roar? _____
6. Can lions work together? _____

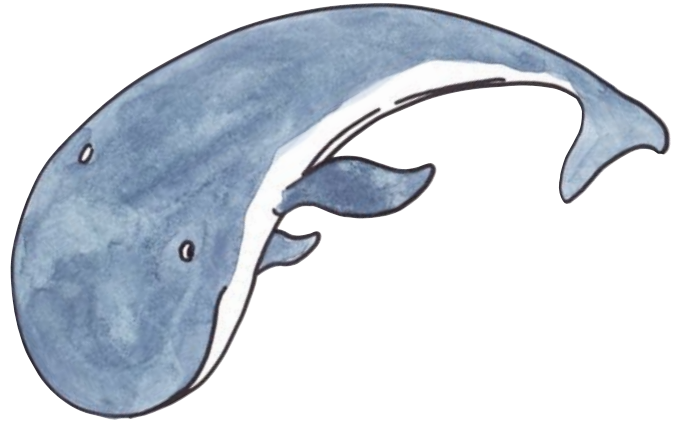

What can you do?

- | | |
|--------------------------------------|---|
| Can you play a musical instrument? | Can you name five African countries and capitals? |
| Can you dance or sing well? | Can you cook something delicious? |
| Can you ride a motorcycle? | Can you _____ |
| How far can you run? | Can you _____ |
| Can you do five pushups? | Can you _____ |
| Can you say your name backwards? | Can you _____ |
| Can you say hello in five languages? | Can you _____ |

Look what I can do!

Whales are amazing animals. You can find blue whales in all the world's oceans. They are the largest animals on earth but they are endangered.

The blue whale can swim up to 65kph. They can eat 4 to 8 tons of krill every day! Blue whales can spray water 9 meters in the air when they exhale and they can hear each other over 1,000 km away.

1. Where can you find blue whales? _____
2. How fast can blue whales swim? _____
3. How much can blue whales eat in a day? _____
4. How high can blue whales spray? _____
5. Can blue whales sing loudly? _____
6. How far can you hear a blue whale? _____

What can you do?

Can you play a musical instrument?

Can you dance or sing well?

Can you ride a motorcycle?

How far can you run?

Can you do five pushups?

Can you say your name backwards?

Can you say hello in five languages?

Can you name five African countries and capitals?

Can you cook something delicious?

Can you _____

Can you _____

Can you _____

Can you _____

Can you _____

Activity:

1. Vocabulary - If you need, pre-teach the vocabulary to all students.

inhale
exhale
endangered
extinct
incredible
swivel
roar
krill

2. One group students work out the answers for the lions section. The others work out the answers for the whales.

3. Now pair one lion with one whale. The lion student reads the story about lions and asks the questions to the whale student and vice versa.

4. Read and review all together.

5. Use the sample questions at the bottom to stir some basic conversation and have students come up with their own interesting "Can you" questions.
